LIONS TO LIGHT H. S. ATHLETIC FIELD

Tax Levy to Be Discussed Tuesday Night

Sewer Improvement, "White Way" Plans on Board's Calendar

The Antioch tax levy for the coming year will occupy the attention of the village board at a meeting next Tuesday evening.

Other matters that are now occupying the attention of the board, but will probably be discussed at special meetings, according to President George B. Bartlett, are the proposed improvement of the sewage system and the advisability of installing a "white way" lighting system.

A report on the experiences of various towns in the Chicago suburban area in installing "white way" lighting systems was given by a Public Service company representative who was introduced by District Manager George Joedicke of the company at a recent board meeting.

Removal of electric power wiring from Main street to the rear of buildings on both sides of the street, which will take place some time in the near future, has been credited with inspiring the present move to "beautify" the business area.

Would Increase Units

Lighting recommendations include the increasing of ornamental light units from 13 to 39. Present plans would have the lights extend from Depot street and the Grade school on the north to Park avenue or perhaps to Ida avenue, on the south, with some lights on Lake, Orchard and Depot streets.

It is believed by the village board that a special assessment would be the most advisable manner of raising the necessary funds, should plans for a "white way" be carried out at a later date. A study is also being made of budget increases that would be necessary to take care of the additional lighting expense.

Installation of a new lighting system would not be made by the Public Service company, but would have to be done by a private contractor. The village would be responsible for maintaining the lighting system.

New Ration Stamps Good This Week

Five more red stamps and five more blue stamps, all in ration book 4, were made good for the purchase of rationed foods on Wednesday, August 1, it was announced today by James F. Riley, acting director of the Chicago metropolitan area OPA.

Each of the stamps will be worth 10 points, making a total of 50 red points, which are being made good for the purchase of rationed meats, butter, margarine, cheeses, lard, shortening, and salad and cooking oils, and 50 blue points good for the purchase of rationed processed foods.

The new stamps, all to be good through November 30, are:

Red, for meats-fats: F1, G1, J1, and K1.

Blue, for processed foods: P1, Q1, R1, S1, and T1.

The following stamps, made good in previous months, also may be used in the purchase of rationed foods during August: Red Stamps Q2, R2, S2, T2, U2, V2, W2, X2, Y2, Z2, A1, B1, C1, D1, and E1; Blue stamps Y2, Z2, A1, B1, C1, D1, E1, F1, G1, H1, J1, K1, L1, M1, and N1.

Four sets of both the red and blue food stamps are good during each rationing period. Each set is good for four months, the first set being retired when the fifth set becomes good. Stamps being retired this month are red stamps K2 through P2, and blue stamps T2 through X2, which will not be good after July 31.

Sugar stamp 36, in war ration book 4, will continue good for five pounds of sugar through August 31.

Whitacre is Named to Township Library Board

Richard Whitacre was appointed a member of the Antioch Township library board at a meeting Tuesday evening. He succeeds George White, who recently moved from the township to a farm which he purchased near Hebron, Ill.

Pfc. Robert A. Litwiler, Round Lake, has been awarded the Army Medical badge in recognition of outstanding service on duty with infantry units.

News of the Boys in Service

Ens. Edward C. Jacobs sends greetings to Antioch American Legion Post No. 748 via San Francisco Fleet post office.

"It is with heartfelt gratitude that I express my appreciation for receipt of the Antioch News in the past. Yours is a noble work and worthy of all possible praise.

"Enjoying the Antioch News as I do, please consider this my request for a continued receipt of our wonderful newspaper."

"P. S. I haven't been receiving it of late, but I'm sure the back copies will catch up with me eventually."

ADDRESS CHANGES—

Pfc. Henry Lubkeman, APO 920, San Francisco.

Sgt. Chester B. Runyard, Fort Knox, Ky.

Cpl. James G. Schaefer, APO 247, San Francisco.

Ens. James N. Main, Air Group Detachment, NAAS Oxnard, Calif.

Pfc. Jack Canfield, New York APO 333.

S/Sgt. LeRoy R. Maleck, APO 35, New York.

Pfc. Charles E. Larsen, APO 629, New York.

—V—

S/Sgt. Stanton M. Hazen was granted an honorable discharge from the army July 28 after three and one-half years of service. During the past two years he has been stationed at the Richmond, Va., Army Air base.

—V—

Edgar S. Simonsen, who is now stationed in Germany, has been promoted to master sergeant. He has been overseas in the European theater for the past 18 months.

—V—

Pfc. Lyle F. Wohlfeil, USMC, care of San Francisco Fleet post office, sends in a request that the Antioch News continue to be sent to him.

"The Antioch News is the only paper that I am interested in receiving, and I most certainly would not like this new ruling to interfere with my getting it.

"With our moving around so much, my address has changed again.

"With the European war over, there'll be quite a few boys from Antioch heading out this way—so I would like to keep up on their changes of address. I may bump into one of them one of these days."

—V—

Lt. A. W. Kucera, who has been serving overseas in the Pacific area for an extended period, recently returned home to spend a furlough with his father, Adolph Kucera.

Cpl. Theo L. Schock, who has been overseas in the European area, is planning to spend a furlough at Lake Villa.

—V—

Sgt. Roy Aronson writes to his parents, Mr. and Mrs. A. W. Aronson, that an army hospital at which he has been serving overseas has been closed, and that he has been transferred to another. He may be addressed at APO 513, New York.

He arrived in France in Sept., 1944, but had last been home a year previously.

Sgt. Aronson sent his mother some tiny souvenir "sabots," or wooden shoes, and some examples of English and French embroidery work.

—V—

From Allen J. Wilkinson, CM 1/c, San Francisco Fleet post office—"It seems that by some error or misfortune your paper has lost its connection with me. I must admit that I miss it very much and would again like to receive it. Everything is going as well as, or better than, expected over here."

—V—

Cpl. Jerome H. Sorensen writes from Guam, where he is serving with a hospital unit—

"Food is excellent again. No more C rations and we are eating more meat. I guess, than most civilians. Our buildings are so far from the jungle, and are so secure now, that it is sometimes hard to believe that we are overseas.

"The town, which was just a mass of blown-up buildings when we arrived, has been cleared away to be replaced by Quonset huts and G. I. shacks where the natives now live. A good road also runs through there, as compared to the beat-up trail we came through.

"Come to think of it, we brought

Farmer Hurt When Truck Wheel Breaks Through Barn Floor

Hugo Gussarson, Part-Time Employee of Milling Co., Injured

Hugo Gussarson, 48, is recuperating in Victory Memorial hospital from injuries sustained Friday afternoon when he was caught between the back of a truck loaded with feed and the inside wall of a barn in a freak accident that occurred on the William Richards farm. He suffered six broken ribs.

With Herman Hertel, driver for the Antioch Milling company, Gussarson, who works for the company part time, had gone to the Richards farm to deliver the feed.

Hertel was backing the truck into the barn when the left rear wheel broke through a board in the floor. Gussarson was standing nearby and pinned against the wall as the loaded vehicle tilted.

He was extricated, unconscious, by Hertel, and was revived by Mrs. Richards. The Antioch Rescue squad was called and under the direction of Dr. I. L. Breakstone, removed him to the hospital on a rigid type stretcher.

At the hospital he was found to be suffering from broken ribs and possible internal injuries.

Gussarson operates a farm on Route 173.

Grade School Is Ready for Year With Full Staff

Antioch Grade school has a full teaching staff ready to start the school year on Wednesday, Sept. 5, Principal Richard Whitacre reports this week. Members of the staff will attend the Lake County Teachers' institute Sept. 4.

The staff for this year includes Mrs. W. C. Petty, kindergarten; Mrs. Fern Lux, first grade; Mrs. Lucille Whitacre, second grade; Mrs. Norma Knapp, third grade; Mrs. Charlotte Atkinson, fourth grade; Miss Geraldine Giddings, fifth; Miss Rita Seitz, sixth; Miss Lucille Gonyo, seventh.

Principal Whitacre also acts as eighth grade teacher.

Miss Lillian Muech will continue as school secretary and Charles Andersen as custodian.

Miss Seitz taught at Barnard school last year and Miss Gonyo at Liberty Corners.

Retired Chicago Motorman Dies of Heart Attack Mon.

Raymond Poklenkowski, 65, Stricken While Fishing On L. Marie

An inquest into the death of John Raymond Poklenkowski, 65, Monday afternoon while fishing with a companion on Lake Marie, was called by Lake County Coroner Garfield R. Leaf Monday evening in the Strang Funeral home. Coronary thrombosis was established as the cause.

Poklenkowski, a former Chicago motorman who lived at 4742 School street in that city and who had retired July 1 after 36 years of service, was sitting in a rowboat with Vincent Zanon, 30, of 2954 McVicker street, Chicago, when he was stricken.

Zanon was rowing and was facing in the opposite direction when he heard an odd sound and turned his head to discover that Poklenkowski had collapsed into the bottom of the boat. He died before he could be brought to shore.

KLEMMER'S ORCHESTRA TO PLAY FOR RESCUE SQUAD BENEFIT DANCE AUG. 16

Ed Klemme and his popular orchestra will furnish the music for the fourth annual benefit dance sponsored by the Antioch Rescue squad, which will be held Thursday evening, Aug. 16, in the Channel Lake pavilion.

Refreshments will be available.

The entire membership of the squad is acting as a committee for the dance, which, like its predecessors, is expected to have a capacity attendance.

"Viking" and "Anna" Capture Racing Honors

5,000 See Lions Club Races at Channel Lake Sunday

Post-mortems were numerous throughout the lake region early this week as the speed boat races held on Channel lake Sunday afternoon under the sponsorship of the Antioch Lions club retired into the category of past events.

Gus Grundstrom's "Viking," which has had some disappointments in the past, scored one of the surprises of the day by winning both the Class E event and the free-for-all. Boats which the "Viking" had to leave in its wake to score this upset included Mel Buelow's "Chickie IV," a Century Thunderbolt with a high-powered engine. Bill Larsen was the driver of the "Viking."

Chester Molinaro's "Ann," a consistent winner in the series of races put on by the Chain O'Lakes Boat club this summer, took the 125 horsepower and 95 horsepower events and a match race in which Earl Hucker of Lake Villa was competitor. Fred Stahmer was the driver of the "Ann."

Many Outboards Entered

About 30 outboards took part in various races, in addition to the in-board events.

The entire racing program was under the charge of the Chain O'Lakes Boat club, with Harry Braizell as chairman of the race committee.

The Channel Lake pavilion was filled to capacity for the dance held there in the evening under the Lions club as host. Music was furnished by Hank Mate and his orchestra.

No admission charge was made for the races nor for the dance.

Local War Bond Purchases Help County's Record

Antioch's 254 Percent Over Quota Aids 20 Million Purchase

Lake county was one of 30 out of the 102 counties in Illinois which completed every Seventh War Loan quota, James F. Stiles, Jr., chairman of the Lake County War Finance committee, states in a letter to Otto S. Klass, Antioch township bond chairman. Stiles offered congratulations for Antioch's fine showing of 254 percent over its set quota for the campaign.

Antioch was fourth in Lake county in fulfilling its quota. Newport township (including Russell and Wadsworth), was first, with 397 percent; Fremont township, with Mundein and part of Diamond lake, was second with 365; Lake Forest, with 263, was third; Zion, with 246, was fifth, and Highland Park was third with 238.

The grand total for Lake county was 228 percent over the quota, with \$208,808,102 worth of bonds being purchased.

Of this amount, Antioch township bought \$215,709; Lake Villa (Dan S. Boyer, chairman), \$86,431 (151 percent over quota); Newport township, \$99,293; Grant township, including Ingleside and Fox Lake, \$28,350; Grayslake, \$73,483; Round Lake, and the northeast section of Long Lake, \$31,225.

A recent visitor at the Antioch News office was Capt. W. L. Johnson, Elmhurst, who was spending some time with his uncle and aunt, Mr. and Mrs. S. C. Jensen at Villa Nor, Long Lake, and with Albert Weyang. He served with the 13th Army Air force in the Pacific area and with the 8th Air force in England.

A siren which, it is believed, may have been used by a German air raid warden has been received by the Antioch fire department from S/Sgt. Edgar Simonsen, a former member of the fire department who has been serving overseas in the European area.

Sgt. Simonsen stated that the siren was taken in Achen, in December, 1944.

Death, Accident, Illness Bring 3 Rescue Squad Calls

Hemorrhage resulting from cancer was given as the cause of the death of Clarence Descher, 36, Chicago, last Thursday evening at 10:25 o'clock, when the Antioch Rescue squad was called to the intersection of Wilson and Rollins roads. Descher is survived by his mother and a brother.

Another call was received Friday at 1:35 p. m. to the William Richards farm on Edwards road, where Hugo Gussarson had been injured in a freak truck accident. The squad furnished transportation to St. Therese hospital in Waukegan and also made radio calls for a physician and hospital arrangements.

Saturday at 1:25, the squad was called to furnish transportation for Mrs. E. Smith of the Smith hotel, Channel lake, from the home of relatives on Spafford street to a hospital in Waukegan.

Injuries Suffered in Fall Fatal to Mrs. Agnes Dunn

Dies at Hospital Mon., Aged 84; Services Held Wed.

Injuries and shock suffered as the result of a fall in the kitchen of her apartment in the post office building Monday, July 23, proved fatal to Mrs. Agnes Dunn, who died in Victory Memorial hospital, Waukegan, Monday morning.

The Rev. L. H. Messersmith of the Millburn Congregational church was in charge of services held Wednesday afternoon at 2 o'clock in the Strang Funeral home. Burial was in Hillside cemetery.

Survivors include her son, George Winchell, Milwaukee, seven grandchildren and 13 great-grandchildren.

Mrs. Dunn had carried her 84 years lightly, and up to the time of the accident which resulted in her death, she enjoyed life and took a quiet but friendly interest in doings of the community.

She did her own housework and shopping and made occasional trips to Milwaukee for visits with her son and his family.

Mrs. Dunn was born Agnes Potter, Nov. 5, 1860, in Ontario, Canada. She was united in marriage April 27, 1877, in Pentwater, Mich. with Arthur Winchell, who died three years later.

She made her home in Antioch from 1880 to 1895.

In 1924 she was united in marriage with George Dunn, in Kansas. Dunn's death occurred about 10 years ago.

About five years ago, Mrs. Dunn returned to Antioch.

Rebekahs Entertain District Officers

Officers of District No. 3 of the Rebekahs were visitors at a meeting of Lakeside lodge last evening in the Odd Fellows temple.

Those attending included Mrs. Florence Becker, Barrington, president; Mrs. Elsie Hoffman, Mundein, vice-president, and Mrs. Ethel Stewart, Barrington, secretary.

Also honored guests for the evening were Mrs. Dora Wendt, noble grand of the Barrington lodge, and Mrs. Lora Schumacher, vice-grand.

Twenty-two were present for the business session and the luncheon which followed.

A practice meeting will be held by the degree staff on Monday evening, Aug. 13, and initiation of two new candidates is set for a meeting on Aug. 15.

Mrs. Clara Horton and Mrs. Edna R. Drom were in charge of refreshments.

"Grayslake Days" to be Held August 9 to 12

The sixth annual "Grayslake Days" carnival sponsored by the Grayslake Volunteer Fire department and the American Legion post there will be held Thursday, Friday, Saturday and Sunday, Aug. 9, 10, 11 and 12. Water fights will be among the features.

Lotus beds in Grass lake may possibly be in bloom by Sunday, Louis J. ("Duke") Duda of Little America resort on Klondike point estimates. There are quite a lot of buds, "Duke" reported yesterday, but it will be a few days before they are in full bloom.

Carnival Aug. 31 to Sept. 3 Will Benefit Project

Cooperation of Other Civic Groups Sought

The providing of floodlights for Antioch Township High school's athletic field before the start of this year's football season is the goal of a new project now being launched by the Antioch Lions club.

A carnival will be sponsored by the club Friday, Saturday, Sunday and Monday, Aug. 31 through Sept. 1, 2, and 3.

The carnival will be held on grounds owned by C. N. Ackerman, at the rear of the village park. There will be rides, outdoor dancing, and a number of feature attractions.

Has Board's Support

In a meeting with the high school board Wednesday evening, President Harry J. Krueger and Roman B. Vos of the Lions club were assured of the board's approval of the floodlight project and its cooperation in all possible ways.

According to tentative plans the lights will be set up in such a way as to be suitable not only for night football or baseball games, but also for night skating or for hockey, since it is planned to flood the field in winter.

If a sufficient sum can be raised, stands will be erected.

The cooperation of other civic or social organizations in the region served by the high school is being asked by the Lions.

The club has already received assurance that materials needed can be purchased and the work completed by the start of the football season.

"Accept Coal Delivery Now," Wartime Fuels Administration Urges

A warning to domestic consumers of coal and to retail coal dealers to "prepare for winter now" is being issued by the U. S. department of the interior, solid fuels administration for war.

"In certain areas many consumers have an erroneous impression as to the available supply of coal and discount the extreme gravity of the situation," a communication from the fuel administration to the Antioch Lumber and Coal company points out. "As a result their failure to act now may bring about an acute condition this winter."

"Production of bituminous coal since the first of the year is 22,736,000 tons behind that for the same period last year, and it is estimated that consumption requirements will exceed production for the year by 30,000,000 tons."

The communication especially urges "The acceptance 'NOW' of whatever coal the dealer has to offer, instead of insisting upon specific kinds and sizes. Failure of a consumer to accept now coals that are available will almost certainly result in his inability to secure the needed fuel later in the season."

"The mere fact that a consumer has filed his declaration is not in itself sufficient. He must accept the coal when the dealer may not be in a position to make delivery."

"Dealers should bear in mind that Amendment No. 1 to SFAW Regulations No. 27, which relaxes the restriction on receipts of midwestern coals is a temporary measure, the revocation of which will place Illinois, Indiana and West Kentucky in the same category as 'scarce coals,' the shipment of which is limited to 80 percent to the tonnage received during the base period."

"Of equal importance is the winter proofing of homes against heat losses, the cleaning and repairing of heating controls where possible, and the conservation of coal in every way in anticipation of the possibility of our being confronted with a serious fuel shortage next winter."

A refrigeration service is being operated part time by Ralph Femer, who received a medical discharge from the U. S. Marine corps in 1940 after serving for two years. Mr. and Mrs. Femer and their three daughters live at Lake Catherine.

Housewives Can Help, Too!

One of the most significant statements made by a government official regarding shortages and food difficulties comes from Clinton P. Anderson, secretary of agriculture. Anderson underscores the fats and oils shortage in an appeal to women and has authorized the American Fat Salvage Committee to release his message.

In asking women's help in the fats and oils shortage, the secretary of agriculture sees increased household fat salvage as aid to meeting needs. Anderson says: "The scarcity of fats and oils is one of the most serious problems confronting our nation. But it is one shortage which the women of America can help to meet."

"There is little hope of major improvement in the domestic supply of fats and oils in the near future, nor can we expect a rapid increase of imported oils from the Pacific."

"Farmers have responded to the call to produce more animal and vegetable fats and oils. But we are still unable to meet wartime demands."

"During the war years we have changed from an importing to an exporting nation on fats and oils. Our domestic stocks are at a low ebb and our war, industrial and relief needs are at a peak."

"In 1945 we need 250,000,000 pounds of used household fats to help fill our existing deficit. If American housewives don't meet this goal, we will have to further curtail the allotments for civilian, industrial and military uses."

"This is an important job for women! Homemakers all over the land—in cities, towns and villages,

and on farms—should save and turn in every available drop of used kitchen fat. It means cash and extra ration points."

"But above all, it's a real war service women can perform for themselves and for their country."

Pull Together Now

"I was active in drafting and securing the passage of the Emergency Price Control Act of 1942. I believe that price control is necessary during the war to prevent run-away inflation. I believe we will have to extend it for perhaps a year after the end of the war. Price and wage control, however, is the most extreme form of regimentation in which a government can indulge. The government's hand enters into millions of transactions every day, and a wide field of individual freedom is destroyed. We don't want it any longer than it is absolutely necessary."—Senator Robert A. Taft of Ohio.

Considerable work has been done on the channels between Channel and Echo lake, Channel and Marie lakes, and Marie and Bluff lakes the past week.

From the Libertyville Independent—The Agricultural Board of Directors held a special meeting at the Town Hall Monday and decided to make this year's Fair a grander success than any previous Lake County Exposition. It will be necessary to raise \$2,500 to erect new buildings and they have set about the task with energy. There is universal regret for the loss by the cyclone and the people from all parts of the country are rallying to help of the society.

Waukegan department—The Rockford Construction Co. will do the Waukegan paving. The work was let in two contracts. The first, for paving portions of Madison, County and Washington streets, will be done at the rate of \$1.12 per yard. For paving Genesee street from Clayton to Grand

avenue, one block, the price is the same.

Saturday afternoon the 3 o'clock train arrived in two sections, to accommodate the rush of people to the lakes. All of the buses were loaded and as a result the resorts were filled to overflowing Sunday.

The junior of the NEWS had the pleasure of an inspection of Highland Villa, occupied jointly by the H. L. Marshall and F. W. Bryan families; Sans Souci cottage, the summer home of Mr. and Mrs. O. J. Weidner and family; Sunset cottage, Oliver Sollitt's beautiful retreat; the Bald Eagle club house, all located on the east shore of Fox lake, also a ride on the steamer Frolic, the property of Messrs. Marshall and Bryan.

The camp meeting at Des Plaines is in session all this week.

MOUSE TRAPS

(By Effie Dubbley)

Roy told me this morning that he had a mouse in his post office. He didn't mind it too much until it began feasting on Daisy Mae's candy bars—which are hard to procure even with a government priority—but the blow-off came when the vicious little beast attacked a box of baby chicks in the custody of one Ollie Hughes. When I discovered the baby chick angle I wasn't quite sure whether it was mice in the post office or "bats in the belfry."

However Roy, the government is not the only one troubled by those "varmints." We too, have recently had much company in our home. At first I didn't object too much, but when they began to nibble at the apples in the store room, and also one of my slippers, without my consent, I thought it time to investigate. So I said to the Mrs. "I wish you would set a mouse trap. The mice have eaten holes in the rug, they've been at the radio again, they've chewed holes in the floor near the water pipe, they've spoiled a bushel of apples and I'm afraid they'll bite me during my nap." "uh-huh," she said, "and there is a broken window in the attic, my ice pick is missing from the kitchen cabinet, and somebody has eaten no less than three of those cup cakes I baked for the folks tonight. Don't you think you're blaming too much on the poor little mice?" But I insisted so lustily she finally said there were some mouse traps in the store room, and go help myself.

I don't know why anyone keeps such a thing as a defunct mouse trap. A broken mouse trap is the most completely broken thing in the world. You just can't do a thing with it except swear at it. During the next few moments I found several. Some had unraveled themselves, some had been run over by a steam roller, and others had just naturally exploded. I am a sort of handy man around the house. I mean to say if my lawn mower broke I wouldn't send it to the repair shop, I'd mend it with a piece of string. If a faucet should leak, I wouldn't send for Carey—I'd put a bucket under it. But I refuse to mend a mouse trap.

So I mounted Mr. Ford's pet pre-war project, hid me to Mr. Holbek's Emporium, bought a new one and on the way home procured a bit of bacon to bait it. Where I obtained said bacon is of no consequence to you, dear reader. That night I smeared the trigger with 'bacon fat, bent the spring back and adjusted the lever under the trigger. Then I lifted the trap and took three steps toward the store room—when the confounded thing blew up with a snap and scattered bacon fat all over the room. Me too. I tried it several times with variations, sometimes I made three steps, sometimes more; once I got within a couple of inches of its resting place before it turned to snap at me. Finally I got it so completely lubricated that I could no longer set the trigger at all. So I washed it in hot water and started over again. Setting it solidly on the floor I held the spring down with my foot, adjusted the catch with one hand, and protected my eyes with the other. At last I got the trap set and jubilantly retired for the night.

During the night I got up to answer a wrong number phone call (I'd like to place a little wager Hazel is back) and in the darkness I stepped within range of the lurking and vindictive mouse trap. This time the thing "nailed" me. It grabbed my little toe sinking its teeth viciously and hung on. I nearly exploded, but I was determined to be master in my own home. At least, so far as mouse traps are concerned. So I subdued it again, and tired but triumphant, and smelling slightly of Sloan's liniment I at last slipped back into bed, proud that knowledge had once more conquered primitive ferocity.

This morning there was a mouse, a very dead mouse in the trap and considering the inequality of the contest I am not surprised. The Mrs. said she thought I should set a mouse trap every night until the mouse congestion is relieved. Personally, I believe I shall acquire a couple of cats and offer a bonus of a saucer of milk per mouse and ask no questions as to how, when or where they were obtained.

P. S. When the boss read this little article she said her opinion was a "rat" at the cup cakes.

P. P. S. It is my opinion it was a big one, too.

It took us a few seconds to make sure we were seeing what we thought we were seeing, but we were suitably impressed around suppers time the other evening when a couple of natty gents, one with mustache and gray hair and the other also of a dignified age, came wheeling around the corner from Main into Lake st. and rolled smoothly on westward into the sunset on their tandem bike. . . a sight that no doubt would have drawn a nostalgic sigh from the lips of J. J. Morley or Preserved Wheeler had either of those Antioch News scribes of 50 years past been present at the time. Now all we're waiting for is to see a surrey and a fast-stepping team setting the pace for traffic down Main st.

MILLBURN

"Old Memories" are Enjoyed at Second Millburn Reunion

The second annual Home Sunday was celebrated at the Millburn Church on Sunday, July 29, when 175 parishioners, friends and former members of the community gathered for the day. The Rev. Messersmith chose as his sermon subject, "When Home Pays Dividends."

Pamela Ann Meyer, three-month-old daughter of Mr. and Mrs. Arthur Meyer of Antioch, was presented for baptism at the morning service. Following the church service a bountiful pot-luck dinner was served cafeteria style in the church dining room. The afternoon was spent in renewing acquaintances and talking over old times. Many present enjoyed movies and slides taken at the 1944 Home Sunday as well as other colored slides taken in the community. Games were enjoyed on the church lawn by the children and young folks.

A collection of Millburn pictures and photographs and snapshots of the boys and girls in service proved to be very interesting. "All are grateful to Rev. and Mrs. Messersmith and the committees in charge for such a pleasant and successful Home Sunday," parish spokesmen and visitors state.

Mr. and Mrs. Horace Culver are receiving congratulations on the birth of their first grandchild, a son born to Chalmers Wooley and Mrs. Wooley at Long Beach, California, on July 27.

Miss Jean Bonner of Winnetka spent the weekend at the Gordon Bonner home.

Miss Agnes Wincell of Milwaukee, Wis., has been a guest at the W. C. Upton home the past week.

Mr. and Mrs. Aubrey Truax of Elkhorn, Wis., were guests for dinner at the Roy Bonner home.

The Christian Endeavor monthly business meeting will be held at the home of Pat and Orville Hairrell Friday evening, Aug. 3.

Lt. and Mrs. Marc Edwards are spending a few days with the former's mother, Mrs. Earl Edwards. Lt. Edwards is having a seven day leave from Romulus Air field in Michigan.

Mrs. Harmon Hollenbeck and daughter Judy of Minneapolis, Minn., and Mrs. Collis of Chicago, were weekend guests at the O. L. Hollenbeck home.

An all-day meeting of the Millburn Maidens 4-H club was held at Dieckrichs Tuesday. Joanne Dieckrich gave a demonstration of making Vienna bread and Chloe Dieckrich demonstrated cinnamon rolls. Chloe also demonstrated making a bed properly.

Louise McCann and Joan Hughes each gave a talk on "Care of Shoes." Georgia Saylor talked on "Room Improvement." Each girl brought her own sandwiches and other food to help with the luncheon. After the demonstrations and business the girls went swimming.

Mr. and Mrs. A. S. Dougherty of Libertyville, Mr. and Mrs. Fred Tebbins and son Wendell of Waukegan, Mrs. Leo Ruble, Harold Myer and Mr. and Mrs. Don Truax were supper guests at the home of Mrs. Ida Truax Sunday.

Mr. and Mrs. J. S. Denman and daughter Alice attended the wedding of Miss Ruby Kane and Harvey Bauer at the Methodist church in Libertyville Saturday afternoon at three o'clock.

Miss Margaret Gilbert has returned to her home in Waukegan after three weeks at the Horace Culver home.

The "Millburn Maidens" and the

"Jolly Jills 4-H clubs will entertain their mothers and members of Millburn Home bureau with their annual achievement day program at 1:30 o'clock Thursday afternoon at Oakland School. They have planned an interesting program and will exhibit foods they have learned to prepare during their club season. Anyone interested in this work is very welcome, the clubs announce.

FOR THE NORTHWEST'S GRAIN CROP

Waving grain fields stir up in all of us a certain feeling of pride. They recall harvest and threshing scenes . . . busy flour mills . . . bread on the table . . . food for a hungry world. Millions of bushels from our great Northwest will be milled and shipped all over the world—and the Soo Line will start them on their way. It was to fulfill just such a purpose that this railroad was built many years ago.

Due to a war-caused shortage of freight cars, it will take careful planning to handle this tremendous tonnage. Its accomplishment will require the cooperation of all shippers and receivers of freight as follows:

Load cars to the limit;
Load on the day car is received;
Unload cars immediately;
Notify us when car has been unloaded.

AN INTERNATIONAL TRANSPORTATION SYSTEM

This is an urgent war message from your Government

ALL FUEL IS SCARCE

Our victories in Europe will *not* end our fuel shortages

There will be less coal and coke available for civilian use next heating season than there was during the last one.

Nor is there any prospect that consumers of home-heating oil will have their present allotments increased.

Such is the realistic view of the fuel situation taken by Secretary of the Interior Ickes in his dual capacity as Solid Fuels Administrator and Petroleum Administrator for War.

These shortages are due to—

1. Huge requirements of war, industries, and civilians. 2. Manpower shortages throughout the fuel industries. 3. Overburdened transportation facilities.

As a result, Government regulations require that consumers of scarce coal and coke must make four tons do the work of five, while users of home-heating oil must make three gallons do the work of four normally used.

YOUR IMMEDIATE COOPERATION WITH THE GOVERNMENT'S FUEL CONSERVATION PROGRAM IS IMPERATIVE.

our own tents and equipment in December, and in three weeks' time were taking in patients, and surgery was going full blast in four rigged-

up operating rooms."

Cpl. Sorensen, the son of Mr. and Mrs. Walter Sorensen, route 2, completed three years of overseas service July 20.

Pvt. Wilson King arrived here last Thursday evening from Camp Blanding, Fla., to spend his furlough with Mrs. King and their daughter Cheryl Ann, and his sister, Mrs. Frank Powles. He will report back for duty Aug. 9.

S/Sgt. Orville Hawkins arrived home on Tuesday of last week from service overseas with an anti-tank company, and is spending a 30 day

furlough with his wife, the former Marguerite Kufalk, and their son Donald, who was nine months old July 30.

Sgt. Hawkins will report for duty at Camp Chaffee, Ark., Aug. 27. He had been overseas four months, during which he earned two battle stars. He also is entitled to the Good Conduct and Pre-Pearl Harbor ribbons.

Camps at which he was stationed before going overseas included Camp Gruber, Okla., Camp Maxey, Tex., Camp Roberts, Ark., and Camp Beale, Calif.

He entered on his basic training at

Camp Wolters, Tex., four years and one month ago.

Robert Bemis, ASM 1/c, Athens, Ga., is recovering in the hospital there from injuries which include a badly sprained shoulder and strained ligaments.

Air Markers

Air markers are most effective on flat roofs, it is said. Chrome yellow on dead black background is the accepted combination for most visibility. Orange is no longer recommended.

OVERHEATING

OF THE ENGINE IS EXTREMELY SERIOUS IN HOT WEATHER. LOOK FOR CLOGGED WATER CIRCULATION, LATE TIMING or poor spark plugs. But do not fail to check your oil. Sludge accumulation caused by not draining crankcase frequently—every 1000 miles or a period of ninety days, whichever occurs first is as long as any oil should be used.

OVERHEATING

OF TIRES WILL CAUSE BLOW-OUTS AND PERHAPS WRECK YOUR CAR. KEEP TIRES, ESPECIALLY SYNTHETICS, PUMPED up to 32 to 35 lbs. at all times. This will prevent picking up excessive heat; also remember synthetics were made for 35 per hour driving.

Buy Bonds

HOW SMART PEOPLE AND JACK BENNY LATCH ON TO THEIR MONEY

by Fred Allen

1. Smart people hang on to their money by buying War Bonds — and holding them. Jack Benny does, too. But don't let that stop you. Buy some anyway. All high-class people do this. For example, I do. Lowlifes like Benny imitate us upper-crust denizens by buying Bonds just so they can get their picture in the *Police Gazette*.

2. Among polite circles, it is no longer considered *de rigueur* to trip up the waiter or cash in your War Bonds. In these circles, in which Benny is considered a square, it is also deemed a trifle gauche—that's hog Latin for sloppy—to dunk your feet in the finger bowl. When Benny finds this out, he'll probably be so embarrassed he'll break down and start wearing shoes.

3. The boys coming back from Europe and Okinawa probably won't lope up to you breathlessly and dangle a medal around your neck for buying War Bonds, but you can bet your bottom Jap yen they won't give you the water cure, either. They know the importance of Bonds—they buy enough every month themselves to make Benny's toupee turn green.

4. The laziest way in the world to make extra money is to let those War Bonds accumulate interest. You get back 133% on your original investment in ten years. So let all your spare cash snooze away in War Bonds. If you must tuck something under your mattress, try your mother-in-law.

5. And don't think because your Aunt Cracklethorpe's tea leaves spelled "rat" last Sunday that the end of this war is in sight. It's not even within swooning distance. So make like Benny and pinch that penny. Or, as the farsighted gop keeper said to the careless elephant keeper, "Till V-J day, hoard that hay!" Then, keep hoarding till the Bonds mature.
